

Innovative Asset Tracking

mecASSET one

Up to 15 years 1 Event/Day (GSM)
Ideal for Asset Anti-Theft +
Rental Mgmt. + Shipment Tracking

- Extremely robust, water-proof asset tracker (IP69k)
- Ultra-long battery standtime, non-rechargeable
- Any frequency of events - extendable battery capacity
- Door, Magnet or Click holder: Simple and fast installation
- GPS and Cell-ID; temperature status; GSM-quadband
- Two versions: one-10: 10 years -> 3 pos./day
one-15: 15 years -> 1 pos./day

mecASSET sat

Offshore Asset Tracker
>8 years / 1 Position per Day
(Satellite) available Q4-2014

- Extremely robust, water-proof asset tracker (IP69k)
- Ultra-long battery standtime, non-rechargeable
- Door, Magnet or Click holder: Simple and fast installation
- Mobile communication by Satellite (!)
- Object tracking from everywhere on this planet

mecASSET reload

Rechargeable Asset Tracker
Optional 12/24V external power
Mid-term Movement Tracking

- Extremely robust, water-proof asset tracker (IP69k)
- 30 months battery standtime, rechargeable (options: 12/24V or 220V)
- Ideal for mid-term movement tracking of shipments or assets
- Door, Magnet or Click holder: Simple and fast installation
- GPS and Cell-ID; temperature status; GSM-quadband

mecSOLAR one

Entry Class Solar-powered
Asset Tracker
One Position per Hour

- Extremely robust, water-proof asset tracker (IP69k)
- Low cost unit for short-cycled tracking with recharge by solar
- Maintenance-free, continuous interval tracking (e.g. once per hour)
- Very long battery standtime without sunshine
- Door, Magnet or Click holder: Simple and fast installation
- GPS and Cell-ID; temperature status; GSM-quadband

mecSOLAR plus

State-of-the-Art
Solar-powered Movement Tracker

- Extremely robust, water-proof movement tracker (IP69k)
- Maintenance-free real time object tracking
- Longest battery standtime without sunshine in industry
- Door, Magnet or Click holder: Simple and fast installation
- GPS and Cell-ID; GSM-quadband; optional 3G (world modem)
- Optional cable-based sensors: Temperature, door etc.

mecSOLAR sensor

Solar-powered Movement Tracker
with Built-in and Wireless Sensors

- Same as mecSOLAR plus with additional sensoric capabilities
- Built-in sensors temperature, humidity, door, tamper etc.
- Wireless sensor interface for external sensors
- Ready for inhouse tracking
- Optional reefer monitoring

mecTRACE

Modular Smartphone
Mobile Tracking Client

- Native smartphone app android/iOS (win phone in dev.)
- Field force management/workflow optimization
- Customizable business logic due to modular architecture
- Mobile client for fleet management
- Optional white label

mecFLEET

Distributed Telematics Platform
with Open Interfaces

- Scalable, state-of-the-art telematics platform
- Web- and mobile clients; map-independent
- Customizable business logic due to modular architecture
- Data interface and/or user interface
- Integration to 3rd party: 20 interconnections available

Quick Return on Investment

no cables - no maintenance - simple installation - long-term reliability
